ELEGANT ORIGINATIONS

To escape the drudgery of the urban rat-race, the owner is besotted with mod design with the fussiness. Simplicity is the key theme to this modern design. Nothing is better than “modern classic sort of urban dwelling” that last for years.

Colors on the wall and floor remain neutral. Expected color palette of creams, light browns and whites are the main order for the entire apartment. This home reflects the autonomy of basic colors to meaningfully place posh furniture sets and accessories to break the tone. As such, the designer has allowed small dashes of colors to be used as a visual accent.

As a means of expressing one's individuality, color is often blended in by these solid expensive furniture items.

Embellishment, though minimal, is significant in the master bedroom. The bedroom is a gorgeous assemble of posh, checkered walls complemented by very luxurious window treatment and bed furnishings. Cylindrical wall lights and matched side tables pursue the art of conspired enchanting contemporary mood.

Ultimately this is an unpretentious equation of understated elegance and functional design mission. Creativity is presented in clever manouvering of furniture styles and accessories accentuation.
